

## NEW BLACK BREW FOR BURLEIGH BREWING CO

Source: Australian Hotelier  
Date : July 2010

FOLLOWING almost six months of planning, two of the Gold Coast's best-known brewers, Brennan Fielding of Burleigh Brewing Co and Kenton Campbell of Zarraffa's Coffee, came together last month, to create the first locally-made black coffee lager, the Black Giraffe.

The Burleigh Brewing Co team will work alongside the Zarraffa's team grinding hundreds of kilos of rainforest alliance coffee beans, which will be poured directly into the brewing beer. The Black Giraffe, is the brewery's second release from their 'Bit On The Side' range. Burleigh Brewing's limited release will come packaged in 650ml screen-printed, collectible bottles, with only 600 cartons to be produced.

For more information call (07) 5593 6000 or email [info@burleighbrewing.com](mailto:info@burleighbrewing.com).

Black Giraffe is expected to fetch up to \$20 in on-premise venues.
